Family Hub Network

Do you need help, advice, or guidance on:

- Antenatal and postnatal appointments and sessions
- Children's health sessions
- Early help advice
- Parenting support for mums and dads
- Play sessions
- Young people services
- Libraries
- Special Educational Needs & Disabilities (SEND) support

Family Hub Networks aim to make a positive difference to children, young people, and their families by providing joined up, local services which will provide the right support at the right time.

Each Family Hub Network is unique to the local community it serves and aims to make a positive difference to parents, carers and their children by providing a mix of physical and virtual spaces, as well as support in family homes, where families can easily access non-judgmental information, advice and support.

Family Hubs Networks offer support from pregnancy, through the child's early years, later childhood and into young adulthood, up to the age of 19 (or up to 25 for young people with special educational needs and disabilities).
